

## Field Trip Bus Parking At the Discovery Museum

We apologize for the inconvenience, but the Shenandoah Valley Discovery Museum has **NO** dedicated parking on site for field trip buses, large or small.

The City of Winchester requests that buses **Do Not** block the crosswalk. Buses, please use your stop sign and safety equipment when loading and unloading children in front of our museum. Please load and unload as efficiently as possible and then clear the loading zone when complete.

There are two parking options for buses:

1. The **City Yard**. The City Yard is located 3 blocks east behind the Moose Lodge on 215 Cork Street, Winchester. Drivers must stay with their buses.
2. **Side streets**. Within 1 block of the museum are many side streets without parking meters. Buses may park along any street that is not posted otherwise. Drivers do not have to stay with buses parked on un-metered side streets.
